Ukraine | Open to Remote Roles | nedjat2021@gmail.com

linkedin.com/in/ned-magician | github.com/Ned-Magician

PROFESSIONAL PROFILE

Frontend developer building responsive websites and interactive applications with React, Next.js, TypeScript, and modern CSS. Completed a paid corporate website project and developed independent portfolio work featuring reusable UI components, accessible navigation, and third-party API integration.

TECHNICAL SKILLS

Languages & styling: JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS, SCSS/SASS

Frameworks & libraries: React, Next.js, Redux Toolkit, React Leaflet, Vite

APIs & tools: REST APIs, Fetch API, Axios, Git, GitHub, Vercel, Figma

PROFESSIONAL EXPERIENCE

Freelance Frontend Developer — Arsin Corporate Website | Aug 2026 • Paid client project

- Completed a paid corporate website project for an MDF lamination business; created a separate public portfolio version to showcase frontend skills.

SELECTED PROJECTS

Arsin Corporate Website — Public Portfolio Version

Next.js 16 • React 19 • TypeScript • Tailwind CSS | [Live Demo](#) • [GitHub](#)

- Built a six-route corporate site with the Next.js App Router, reusable UI sections, and centralized, typed navigation, services, FAQs, and contact data.
- Implemented responsive desktop/mobile navigation, semantic markup, visible keyboard focus states, image handling, and page metadata.

Location Search

React • TypeScript • Vite • Leaflet • OpenStreetMap Nominatim API | [Live Demo](#) • [GitHub](#)

- Integrated a location-search API and transformed GeoJSON results into typed React data for a selectable place list.
- Connected selected results to an interactive Leaflet map with animated camera movement and map markers.

Fitness Club Website

React • Vite • CSS | [Live Demo](#) • [GitHub](#)

- Developed a multi-section React website with reusable components for navigation, hero content, statistics, trainers, and team profiles.

EDUCATION & TRAINING

Associate Degree in Plant Biology | Payame Noor University, Iran

Modern React with Redux | Udemy course, Jan 2025

LANGUAGES

English (B2) | Persian / Farsi (Native) | Ukrainian (Basic)
